

## Letter to Botton

Dear Botton, (and we mean you who truly ARE Botton) we wanted a group photo in our t-shirts, but getting us all in the same place at the same time turned out to be about as hard as getting Oldfield to do an honest day's work.

Then we had to think of what to write, memories (too many), things Botton means to us (far too many) and both options pose the risk, as Bridget pointed out, of becoming desperately sentimental.

In the end, we decided to keep it simple, and say Thank-You.

Botton means something a bit different to all of us, but we are all so grateful for having known it.

We support you fully in your fight to keep this place alive,

All our best

Hamish and Seonaidh Reid, Piran Peters, Isabel and Bridget Adams, Laura and Emma Ffrench, Linde van Vliet and Mike Snellgrove.
