## To Whom It May Concern

On behalf of the Camphill Village Trust in Norway, we wish to express our full support to «Action for Botton» and all other initiatives that seek to preserve the life-sharing qualities, and the Camphill ethos of Botton Village.

The CVT of Norway has, since its founding in 1966, shared close bonds with Botton Village, and Botton has been an essential source of inspiration for the development of the six Camphill villages in Norway.

Many villagers and co-workers have visited Botton, through the years, for extended periods, to learn from the valuable inter-action between villagers and co-workers in the life sharing community of Botton.

We are deeply concerned and shocked by the course that the Camphill Village Trust in England now is plotting out for Botton Village.

On behalf of the board of the Camphill Village Trust of Norway, and of its representatives:

Helge Pettersen  
Chairman CVToN

Rigmor Skålholt  
Leader of representatives of CVToN

Nils Langeland  
Vice-leader of representatives of CVToN

Former chairman of CVToN
