TO WHOM IT MAY CONCERN

We herewith give our support to the written statement from Michaelmas Tide 2014 from the Movement Core Group in relation to the discords between CVT and Camphill Communities UK, particularly Botton.

A number of individuals from our region were directly involved in the mediation and ensuing recommendations of June 2014 and we also sincerely regret that these were not taken up.

We would strongly recommend the cessation of all one-sided proceedings at present and call upon all stakeholders to sit down together again for serious eye-to-eye and respectful negotiations.

For the Regions Group and board of the Camphill Middle European Region

Roger Furze, Chairman

Christine Thomas, Vice-Chairman
